Sport and Event Management

Adding Value to Your Team

Sport and Event Management combines business education with unique management practices, our strong focus on community engagement, and the vision to develop leaders for a sustainable world. The sports industry in Canada is growing, as is the need for individuals who have diverse experience and the business skills needed to make an immediate impact in this dynamic sector. This program will prepare students to excel in managing sport and events from grassroots to a global level, with direction from our academic and industry leaders.

University of Guelph Advantage

The Sport and Event Management program prepares students for careers within, through and extending beyond the sport and event industry. With this specialized degree providing students with the foundation of business, combined with a focus in sport, it allows our students to flourish in a diverse spectrum of fields. These future leaders will gain invaluable experience in the classroom and on work terms. Prior to embarking on their first work term, students develop their skills in accounting, economics, marketing and sponsorship. With a growing network of workforce contacts, students will receive excellent opportunities at industry-leading organizations.

Our co-op process responds to your business needs. Employers can post, interview and hire throughout the semester and our students are available for four or eight-month work terms. The Experience Guelph hiring tool makes hiring Guelph co-op students easy!

Student Strengths

- Ability to integrate leadership, ethical reasoning and teamwork skills, through work experience and project management
- Demonstrate proficiency in the ability to assimilate knowledge and understanding through analysis and the development of recommendations and solutions to sport and event management problems and business decision-making
- Exhibit the capacity to conduct effective management techniques through planning, executing and evaluating sport and event related operations
